### SUMMARY

Results-driven IT Project Manager with 12+ years of experience leading cross-functional teams to deliver complex technology solutions across diverse domains. Proven track record of managing multi-million-dollar programs using Agile methodologies, strategic planning, and robust project governance to ensure delivery excellence. Expertise in resource optimization, process enhancement, and adoption of emerging technologies to foster innovation. Committed to mentoring teams, cultivating high performance, and aligning project outcomes with broader business objectives.

### EXPERIENCE

#### Project Manager

Ivy Comptech Pvt. Ltd

📅 01/2022 - Present

##### Key Responsibilities

- Spearheaded six agile teams in delivering Omnia project software requirements, following SAFe practices
- Managed hardware deployment projects (EPOS, scanners, etc.) for UK retail shops, overseeing £2–3M investments
- Led PI Planning sessions, enhancing project predictability by 20%
- Implemented risk mitigation strategies, achieving a 95% on-time delivery rate
- Developed a project health monitoring system, reducing blockers and increasing team efficiency

#### Project Manager

Dell EMC Pvt. Ltd

📅 03/2021 - 12/2021

##### Key Responsibilities

- Led the AWS-integrated PowerEdge servers project, collaborating with three Scrum teams
- Strengthened Agile adoption across hardware & software teams, improving delivery timelines
- Facilitated Program Increment (PI) Planning, aligning teams with strategic objectives
- Managed procurement, reducing delays in critical project phases

#### Project Management Specialist

Accenture Solutions Pvt. Ltd

📅 09/2019 - 09/2020

##### Key Responsibilities

- Developed and executed comprehensive project plans for onshore & offshore teams
- Identified risks, resolved roadblocks, and ensured high project success rates
- Monitored project metrics, improving on-time delivery rates
- Collaborated with SMEs to refine business requirements and enhance stakeholder satisfaction

#### Program Manager

D-Link India Pvt. Ltd

📅 05/2014 - 09/2019

##### Key Responsibilities

- Managed multi-million dollar programs, leading CPE router & home gateway product launches
- Coordinated program execution across engineering, marketing & sales teams
- Fostered strategic partnerships, improving business alignment and product success
- Implemented process enhancements, reducing product defects & improving customer satisfaction

### CERTIFICATION

- Project Management Professional (PMP)
- Certified Scrum Master (CSM)
- ITIL v3 Foundation
- Microsoft Power BI (PL-300)
- Microsoft Azure (AZ-900)

### KEY ACHIEVEMENTS

- Delivered \$10M+ worth of projects on time and within budget across multiple domains and geographies.
- Improved on-time delivery rates by 25% through proactive risk mitigation and structured planning.
- Reduced project blockers by implementing a real-time health monitoring system, boosting team responsiveness.
- Successfully managed £2–3M hardware deployment across 200+ UK retail locations with zero critical failures.
